

# Coleman Goes "Over The Top"

## A. McCulloch Again Heads First Aiders

J. M. Rushton Re-Elected to Old Post as Secretary-Treasurer; G. Clarke Elected Vice-President.

The annual meeting of Coleman branch of St. John Ambulance association was held on Sunday morning in the council chamber. Minutes of the general and executive meetings were read and adopted as well as the financial statement which was authorized to be published in The Journal.

The following were elected to office:

Honorary presidents: A. F. Short, J. J. McIntyre, J. O. C. McDonald, E. Morgan, N. Greenhalgh and L. McDonald.

President, A. McCulloch; vice-president, G. Clarke; secretary-treasurer, J. M. Rushton; executive committee, town: Miss A. Yuill, G. Jenkins; school: R. Spillers, H. Allen; International: E. Hill, W. Smith and L. Hotte; McGillivray: M. Kubica, J. Maurer and N. Franden. Instructors, A. McCulloch, J. Maurer, E. X. Hill, J. Simla, E. Hill, J. Jasinsky and M. Kubica. Doctors, Dr. H. Claxton and Dr. Leisner.

An appeal is sent forth by the association to these young men who will soon don their country's uniform to attend these first aid classes and so get their basic first aid training. It will be of great benefit to them to get this training now.

ED. BERNARD NOW  
2nd LIEUTENANT

Twenty-five Alberta candidates graduated second lieutenants with class 16 on Friday, November 6, from Gordon Head. They include Cadet E. T. Bernard, Coleman.

GOOD WORK, EDDIE

There was one youngster whose work on Halloween deserves merited praise. He was Eddie Phillips, young son of Mr. and Mrs. Alf. Phillips, who, instead of going out with a sack and seeking candies and fruit, went to many houses soliciting small donations for the Milk-For-Britain fund. His efforts were rewarded with a total of \$2.30 which he deposited on Monday morning in the little milk bottle on the Coleman Cash Grocery counter. Eddie is to be congratulated on his patriotism and enterprise.

RE-OPEN SESSIONS

Special Legislative Committee investigating workings of the Alberta Workmen's Compensation Act will re-open session here November 2 and will continue for about two weeks. Hearings proper will be re-opened November 3, with the Bituminous Coal Operators, Chisholm Saw Mill and elevator companies scheduled for briefs. On November 9 Dr. Victor Wright, chairman of the Compensation Board, will present a brief in reply to submissions made earlier. Dr. J. L. Robinson, M.L.A., is chairman, Edmonton Bulletin.

## Tremors Felt Here Sunday Afternoon

Slight Earth Tremors Also Felt at Blairmore and Creston

A slight earthquake tremor is reported to have been felt in Coleman as well as in Blairmore, Lethbridge and Creston. Very few people locally experienced the tremor.

Following a report that a tremor had actually been felt in the Peace River Journal made inquiry and one young lady was found who was positive that she had felt the tremor. She stated that at approximately 1 p.m. she had been alone with her baby when she felt the baby's cradle rock slightly and also heard the table shake slightly. She had told relatives of her experience but they had not felt the tremor.

A report comes from east Coleman. Some men were passing an hour playing cards and they are supposed to have distinctly felt the table shake slightly when the tremor was supposed to have occurred.

As was to be expected Blairmore evidently bore the brunt of the shock in this part of the country. A correspondent reports dishes rattling, doors swinging and not one but two tremors.

## New School Time Schedule Now In Effect

Students Start at 9.30 a.m.; Parents Favored 1.30 to 4 p.m. Schedule.

Coleman students started a new time schedule on Monday, Nov. 2, which will continue for an indefinite period. Classes now commence at 9.30 and continue to 12.30 p.m. instead of the former of 9 a.m. to 12 noon. The old afternoon schedule of 1.30 to 4 p.m. proved more popular with the parents than an alternate schedule of 2 to 4.30 p.m. and as a result the 1.30 to 4 schedule has been retained.

The change became necessary due to the recent change to mountain war time which set the clocks ahead one hour. During the fall and winter months the morning is fairly well advanced before daylight arrives. It was to prevent students studying too long under artificial light that the suggestion to change the time schedule was adopted.

## REV. A. H. PRIEST VISITS COLEMAN

Rev. A. H. Priest, western field secretary of religious education of the Church of England, gave very inspiring talk and led in a discussion of the religious educational work of these times at St. Alban's church on Thursday evening, Oct. 29. Among other phases of Christian teaching he emphasized the need of greater effort and thought being given to the Sunday school by the home and community.

On the following evening, at a meeting of the staff of the United Church Sunday school at the home of Mr. and Mrs. P. Dickinson, some suggestions given by Rev. A. H. Priest were acted upon, and it was decided to give our people more information about our Sunday schools. Sunday, Nov. 1, with the Misses Reta Ash and Winifred Dunlop acted to the permanent staff, some reorganization of classes was carried out and a board with class records was introduced. There are classes and teachers for all ages meeting at 12.15 p.m. each Sunday.

## To The Citizens Of Coleman

We are now in the last week of the Victory Loan Drive, and as on Tuesday, November 3, we still lack about \$14,000.00 of our objective.

In the past two loans we have always surpassed our objective by a good margin and we hope to do so again.

We might point out however that this time we are sadly down in the number of applications, having received so far only 379. Previous Loans we had 927 and 585. We feel that this should not be, and hope that those who have not so far subscribed will give this their very serious thought and ask themselves if it is not possible they can do so—the thought being that the least we can do is to deny ourselves so that we can purchase Bonds, in order that our men Overseas who are actually fighting for us may be fully equipped with all necessary war materials.

To those who have already subscribed we extend our sincere thanks, and compliment them on their sound investment.

We will be pleased to receive your application in the Victory Loan Office or at the Bank, or hand it to one of the following Canvassers:

## Joe Venier Files Notice Of Appeal In Calgary Little Progress Made In Flood Control Work

Asserts That He Was Sober And That No Evidence To Prove He Was Driving Recklessly

Joseph Venier, Bellevue, recently convicted and sentenced to one year hard labor in Lethbridge jail by Mr. Justice W. C. Ives, on a charge of reckless driving, filed notice of appeal Thursday, Oct. 29 at the court house in Calgary. Venier was originally charged with manslaughter as a result of the death in an accident on March 4, of Julia Mayerechak, but was found guilty of the lesser count.

The appellant states the Crown based its case on the claim that he was intoxicated at the time of the accident, but he asserts there was conclusive proof that he was sober. He states there was no evidence that he was driving recklessly, or even that he was driving the truck, and that the Crown failed to give him the benefit of reasonable doubt. It is further claimed that testimony of an R.C.M.P. officer, regarding a conversation allegedly held with Venier, was inadmissible.

The firm of Moscovitch and Moscovitch of Lethbridge, is acting for Venier.

## Poppy Sale This Saturday

This coming Saturday will see members of the Canadian Legion out selling poppies on the streets and at the bank. The poppies will sell at 10c and 25c. Proceeds from their sale will be forwarded to the committee for relief of disabled and sick veterans.

Due to the fact that Remembrance Day is not a recognized holiday and that the mines will be working, the Legion will not sponsor their annual Remembrance Day service.

## TWO PYTHIAN SISTERS HONORED

On Wednesday evening the Pythian Sisters celebrated their 25th anniversary. Highlight of the evening's program was the honor bestowed on two members, Mrs. Dave Gillespie and Mrs. James Glendenning, who were presented with their 25-year-membership jewels. The evening was spent in playing cards with honors going to Mrs. S. Penny, Mrs. R. Ferguson and Mrs. W. Martland, consolation. After cards the members and friends sat down to a sumptuous banquet.

## RED CROSS NOTES

There is plenty of sewing material on hand at the Red Cross work rooms and an appeal is made for more ladies to help with this work.

The Evening Group of Red Cross workers will meet as usual every Friday evening at the work room.

## Bank Subscriptions At 10 a.m., To-Day Pushed Local Campaign Over Quota

Coleman Light & Water Company's Subscription Gave Campaign Big Boost on Wednesday; Appeal to Those Who Still Have Not Subscribed

At a few minutes past ten o'clock this morning unit organizer H. C. McBurney gleefully told The Journal that the local quota of \$75,000 had been reached and was even then a few hundred dollars in excess of that figure.

At the close of business on Wednesday, collections totalled \$71,350 leaving a balance of \$3,650. This was quickly subscribed when the bank opened for business this morning.

The campaign was given a big boost on Wednesday when Coleman Light & Water Co. Ltd. subscribed \$5,000. This subscription serves as a sinking fund investment for the redemption of company bonds. In addition to this plum a former citizen, now residing in another district, sent a handsome subscription to help the local campaign.

Canvassers are now busy cleaning up the \$50 and \$100 subscriptions remaining and will finish their work on Saturday evening when a number of bonds have been promised, following receipt of pay envelopes.

As all local citizens are aware, each town upon reaching its quota strives to exceed the quota by as large a margin as possible. Coleman is out to do the same and the local committee appeals to those persons who have not yet purchased bonds to do so and aid in helping their country's war effort. This is your fight as well as your neighbor's. Subscribe at the bank, Victory Loan office or any one of the canvassers whose names appear elsewhere on this page.

## BAPTISMS

On October 29 in St. Alban's church at 9 o'clock the service of Holy Baptism was administered to three children.

The two infant sons of George William and Beryl Doreen Booth were christened George Winston and Norman. The young daughter of Joseph and Hannah Bolisch was christened Ann. Mrs. Wm. Jackson and Miss Pamela Mathers acted as sponsors. Several friends of the parents were present.

## 1100 Pounds Magazines Shipped Tuesday Morning

Citizens Once Again Reminded to Take Used Magazines to Antrobos Store Depot.

Several cases of used magazines and weighing approximately 1100 pounds were shipped from the Antrobos depot to the distributing centre at Halifax, N.S., on Tuesday morning.

Cameron school's junior Red Cross is the local collecting agency and use the Antrobos store as the main street depot. The members ask all citizens in the Pass having old magazines, such as Life, Reader's Digest, etc. to leave them.

# Double-Action Way To Help Relieve BRONCHITIS

COUGHS • SORENESS • CONGESTION

Get right after painful bronchitis miseries... help relieve the coughing, congestion, and soothe this time-tested Vicks way that is so successful!

Put a good spoonful of Vicks VapoRub into a bowl of boiling water. Then breathe in the steaming vapors for just a few minutes. With each breath

you take, the medication goes straight to inflamed bronchial tubes where it soothes irritation, quiets coughing and loosens tightness and congestion.

At bedtime rub Vicks VapoRub on throat, chest and back. Its poultice-vapor action works for hours to bring you added comfort while you sleep.

## We Asked Them To Do It

We Must Back Up The Men Who Are Risking Their Lives  
"Our boys offer to give their lives. We are only asked to loan our money."

That is an excerpt from a Victory Loan speech. It was uttered recently. It was said during the Second and the First Victory Loan campaigns. It will likely be repeated in the loan period next year. How many of us understand that those boys offer their lives because we ask them to do that? Each one of us has had a share in the decision to fight the Germans, and to send our young men over to do the job.

The men at Dieppe knew it. They steered themselves to jump out of boats onto the bullet-swept beaches because they felt we expected them to do their best for Canada.

If all of us back here in Canada fully realized that fact, how we would hasten to increase our purchases of Victory Loan Bonds!

## SELECTED RECIPES

### RECIPE OF THE WEEK

All-Brain Victory Muffins rate high in the wartime kitchen because they call for corn syrup instead of sugar. No change in flavor, however. They still have that delicious nut-like taste that makes them a favorite among hot breads. Here's the recipe:

**All-Brain Victory Muffins**  
3 tablespoons shortening  
1/2 cup dark corn syrup  
1 egg  
1/2 cup milk  
1 cup All-Brain  
1 cup flour  
2 teaspoons baking powder  
1/2 teaspoon salt  
Blend shortening and syrup; add egg and beat until creamy. Add milk and All-Brain; let soak until most of moisture is taken up. Sift dry ingredients together; add to first mixture, stirring only until flour disappears. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400 degrees F.) about 25 minutes.  
Yield: 10 muffins (2 1/2 inches in diameter).  
Note: When sour milk or buttermilk is used instead of sweet milk, reduce baking powder to 1 teaspoon and add 1/2 teaspoon soda.

## SUNDAY SCHOOL LESSON

NOVEMBER 8

### CHRISTIAN NATURE IN THE FAMILY

Golden text: Train up a child in the way he should go. And even when he is old he will not depart from it. Proverbs 22:6.

Lesson: Deuteronomy 6:4-9, 20-25; II Timothy 3:14, 15. Devotional reading: Proverbs 4:1-9. Explanations and Comments: Religious Instruction of Children in the Home, Deuteronomy 6:4-9, 20-25. The first and great commandment (Mt. 22:36) follows, and then the duty of remembering these words and of teaching them to children is stressed; the words shall be upon one's heart, shall make so deep an impression upon one that they influence one's life. They must be taught to the children, made a subject of conversation everywhere and at all times, "pricked in" by repetition and emphasis.

"If your hearts are full of God, can you help talking about God to those with whom you constantly live? Are you to take the question the other way, if you never speak about God day after day, can your hearts be full of God?"

The Home Training of Timothy in Religion, 2 Timothy 3:14, 15. In his letter Paul counsels Timothy to abide in the things he had learned and had been assured of for they had stood the test of time. He knew from whom he had learned them—his mother and grandmother, 13, and from Paul himself, 22. Paul next reminds Timothy that he has known the sacred writings from a babe; he cannot recall the time when he has not known them. (It was the Jewish parent's duty to teach his child the Law when in his fifth year.) The sacred writings, Paul adds, are able to make him wise unto salvation through faith which is in Christ Jesus.

"All Christian parents are the divinely appointed priests to their households; they are to have access to God in behalf of their children. If they all recognized their sacred office, by precept, example and prayer, which should hinder the whole host of the children of the church from becoming children of the Kingdom?" (Daniel Steele).

"Sam, do you solemnly swear to tell the truth, the whole truth and nothing but the truth?" "Ah, does, sah."

"Well, Sam, what have you got to say for yourself?" "Jedge, wif all dem limitations you jes' put on me, Ah don't believe Ah has anything to say."

Just A Tradition  
Reason People Cling To Old Ideas About Red Flannel  
For centuries, people thought colds, bronchitis, throat infections, pneumonias and so forth were caused by demons. It was found that flannel was good as a throat wrapper or chest-protector, and it was believed that the demons deterred the color red. Logically enough, therefore, the witch-doctors prescribed red flannel — red to scare off the demons and flannel to provide warmth. Mankind, being addicted to a more or less unthinking reverence for tradition, kept on using red flannel long after the original reason for doing so had been well-nigh forgotten.

Help To Fight With Victory Bonds

**Health LEAGUE OF CANADA** presents TOPICS OF VITAL INTEREST

MEDICAL SURVEY

Canadian industrial health authorities point out that the clearly defined role of medical service in industry is to maintain the health of the workers and to prevent ordinary illness as well as occupational sickness and accidents.

Employers in general have, for some time, recognized the advisability of physical examination for all workers. These examinations are the means of ascertaining the physical qualifications of prospective employees and of fitting them to jobs where they will not experience discomfort or cause injury to themselves, to others, or to property.

Physical examinations are especially significant during wartime, if manpower in industry is to be effectively conserved.

"Already," says an official of the Industrial Hygiene Division, Ontario Department of Health, "there is a shortage in certain skilled groups. This is likely to become more acute as time goes on. To date it has led to such undesirable features as over-time work for women and excessive hours worked by some men. Industrial manpower must not be wasted with output unnecessarily curtailed."

Re-examination of industrial workers at appropriate and regular intervals has been found advisable and in most cases very necessary. Periodic examination or "continuous health supervision" has been found to have a two-fold advantage:

1. Early diagnosis of disease or defect.
  2. Helping the employee to maintain regularity of work.
- Where hazards of occupational disease exist, periodic examination has proved to be a safeguard in showing up any ill effects, thereby permitting the correction of conditions at the source of exposure. Health authorities feel that in a similar manner it will also have a definite value in controlling general illness among industrial workers.

### BRITISH AND FOREIGN BIBLE SOCIETY CANVASS

At a recent meeting of the local executive of the British and Foreign Bible Society, plans were laid for a canvass in aid of this worthy cause during the week from Nov. 9 to Nov. 15. These war conditions impose an extra obligation on the Bible Society. Chief of these additional responsibilities is the making available to every enlisted person in the air, sea and land forces a copy of the New Testament of our Holy Scripture. A hearty response to this work by the citizens of Coleman will be much appreciated by the local branch of the society.

Officers of the branch are as follows: president, Rev. J. R. Hague; secretary, Rev. J. E. Kirk; canvassers, Mesdames W. Read and A. L. Snowden, and Messrs. Lewis Jones and Chas. MacQuarrie. Additional canvassers will be appointed from the Anglican congregation.

## Responsibilities GO WITH RIGHTS

In no other country in the world do citizens enjoy more wholly the privileges and rights of free democracy than do we in Canada.

But the very nature of democracy that creates, those rights, creates the responsibility of maintaining them.

Hundreds of thousands of young Canadians have decided that Canada is worth fighting for. We other hundreds of thousands at home must decide that Canada is worth working for—saving for—lending for.

## Victory

Victory Bonds are the best investment you can make.

In this critical year of the war—when everything depends on an all-out effort—every dollar that Canadians can muster must be a fighting dollar. While they are fighting, they remain YOUR dollars.

But if you spend money on things you can do without, you are withholding these needed dollars from the war effort. You are keeping them out of the fight.

Men are fighting and dying for freedom—giving their all that we may remain free. YOU are asked only to LEND your money to back them up.

Victory Bonds are guaranteed by the full resources of the Dominion of Canada. They yield a fair rate of interest. They can readily be sold when you need the cash.

After the war, you will be glad of this money you have saved and loaned to Canada. You can spend it THEN on the things you want.

## Fighting Dollars NOW -Building Dollars THEN

THE dollars you send to war NOW—by buying Victory bonds—will return to you when Victory is won, to help build a future for you and for Canada.

It's a small price to ask for Victory—this foregoing of pleasures and comforts for a time so that your dollars may be made available for war.

Self-denial is not to be compared to the sacrifices of those who are doing the fighting and dying.

And when victory is won, your dollars LOANED to Canada will be yours to use as you wish—to build the kind of home, the kind of future, you now dream about.

Victory Bonds are the best INVESTMENT you can make. They are guaranteed by the full resources of the Dominion of Canada. They yield a fair rate of interest. They are readily saleable when you need the cash.

## Put an End to Sciatica!

Let Our Modern X-Ray Equipment Show You the Impinged Nerves that Cause This Crippling Ailment.

NOW, thanks to modern X-ray equipment, those suffering from sciatica can see for themselves the cause of this common ailment. For in 90% of cases, X-ray reveals that the cause of sciatica is disturbance of the bones of the lower spine and the consequent impingement of vital nerves and nerve substance in that area. If you are suffering from sciatica, depend on chiropractic adjustment to restore you to new health and strength after the cause of your ailment has been located. Write to Dr. Irving and arrange for an appointment or call to see him the next time you are in Lethbridge.

Bring Your FOOT Troubles to Dr. Irving, too! Investigation has shown that most foot troubles are due to displacement of one or more of the many small bones of the feet. If you are suffering from them, asking feet let chiropractic adjust—most correct the position of displaced foot bones and walk again with new comfort and energy. Make plans TODAY to bring YOUR foot troubles to Dr. Irving in Lethbridge.

## WEDDINGS

### SIMMONDS — HILLARY

A quiet but pretty wedding took place at Central United church in Calgary on Oct. 20 when Hilda, youngest daughter of Mr. and Mrs. Harry Hillary, of Calgary and formerly of Drumheller and Coleman, became the bride of Corporal Frederick George Simmonds, eldest son of Mr. and Mrs. G. C. Simmonds, of Saskatoon. Flt.-Lieut. the Rev. M. S. Blackburn conducted the ceremony.

The bride, given in marriage by her father, was dressed in a two-piece ensemble of sky blue crepe, with matching accessories. Her corsage was of red rose buds. The bride's only attendant was her sister, Mrs. George Simms of Winnipeg, who had chosen an afternoon dress of powder blue crepe with matching accessories and wore a corsage of red rose buds.

The bridegroom was attended by AC2 Ralph Hainstock, of Calgary. The bride's mother wore a navy blue redingote with matching accessories, and Mrs. Simmonds, the bridegroom's mother, wore a blue and white afternoon dress. They both wore corsages of pink and white carnations.

A reception for immediate relatives was held in the York hotel banquet room. Later Mr. and

Mrs. Simmonds left for a short honeymoon in the mountains. On their return they will take up residence in Calgary.

### CORRECTION

Mrs. Sam Howarth's name was inadvertently omitted from the list of ladies who worked preparing Christmas parcels of the Soldiers Comfort Fund. Over 220 pairs of socks have been knitted by the committee and their friends. Mrs. George Derbyshire is treasurer.

### Obedient

## The Safest Way to Invest Your Money

## VICTORY BONDS REPAY ... Every Dollar You Invest!

When you buy Victory Bonds you are laying up for yourself the best of all investments, for back of each one is your country's solemn promise that every dollar you invest in Victory Bonds will be repaid to you in full, plus a fair rate of interest. You can borrow against them, and they are readily saleable when you need the cash. And that solemn promise of repayment in full is backed by all the vast resources of the Dominion of Canada.

When the war is over, you will want to buy all the things we must deny ourselves now. Then, your Victory Bonds will give you the money to buy all these — and your purchases will provide new employment for our boys when they come home again.

What's your share of the savings job? Well, the average Canadian would have to lend to Canada to meet Canada's need \$1 in every \$5 of income left after taxes and compulsory

savings have been collected. But the average may not fit your case. Your own circumstances are distinctly your own. You may be able to do better both out of your current income and out of your accumulated savings in the bank — or you may not be able to reach the average. Your share of voluntary savings is every dollar you can possibly spare.

### HOW TO BUY

Give your order to the Victory Loan salesman who calls on you. Or place it in the hands of any branch of any bank, or give it to any trust company. Or send it to your local Victory Loan Headquarters. Or you can authorize your employer to start a regular payroll savings plan for you. Bonds may be bought in denominations of \$50, \$100, \$500, \$1,000 and larger. Salesman, bank, trust company or your local Victory Loan Headquarters will be glad to give you every assistance in making out your order form.

## BRITAIN LEADS THE NATIONS OF THE WORLD IN PER CAPITA PRODUCTION OF WAR MATERIALS

Cardiff.—Britain leads the nations of the world, ally or enemy, in the per capita production of war materials, Home Secretary Herbert Morrison said, and added there still is room for improvement, although she is near the limit of her manpower.

Britain's output, excluding planes and ships, increased 14 per cent. in September over August, he said in a speech here.

The increase for planes was nearly 20 per cent. While no monthly percentage was given for shipbuilding, Morrison said that the per capita output is twice that of any other country.

Almost six tons of planes were produced in September for every five tons in August which is a record for a month, Morrison proudly related.

"This small country, with its 45,000,000 people, has achieved a war output that stands in the front rank of productive achievements on either side," he said.

"Its output per head is greater than that of any other country, ally or enemy."

Morrison added: "We rejoice in the tremendous industrial achievement of our American friends and allies. We welcome with enthusiasm the tremendous output of her shipbuilding industry—so much greater than our own."

"But it is still true that Britain's shipbuilding workers have an output twice as great per head as those of any other country."

Morrison said 80 per cent. of Britain's war production is shipped overseas; that the navy had taken safely to port 199 out of every 200 ships in convoy; that the country has 600 warships and auxiliaries constantly at sea and has destroyed, captured or damaged more than 125 enemy warships and more than 6,000,000 tons of shipping.

## Have Records To Keep A Check On Price Control

Ottawa.—More than 400,000 women taking notes in small blue books are considered officially to be a pillar of Canada's price control structure.

Prices board spokesmen said the specially-designed blue books in which women keep a record of the prices they pay for various commodities so they can compare the rates with those charged during the basic period from Sept. 15 to Oct. 11, 1941, are being issued only to those who ask for them.

They are being used to check movements in prices, and to maintain the control regulations designed to protect consumers against higher living costs.

The blue books were made available by the prices board early this year. The blank, ruled pages have spaces to describe each article purchased; the size, brand and quality; the date of purchase; the basic price or the last price paid; the name of the store where the article was bought and the increase in price, if any.

Women have been encouraged to report any instance of a rising price, sending their complaints to the nearest women's regional advisory committee or office of the prices board. Officials here gave some examples of cases handled by the board's enforcement division as a result of such reports:

A Winnipeg housewife reported an increase in the price of pork kidney from 12 to 15 cents a pound. Investigation showed the increase had been made without knowledge of the store's head office and an immediate correction was made.

A North Battleford, Sask., farmer's wife complained of an increase in the price of a galvanized dairy pail, from 50 to 60 cents. There were no records on which to establish a basic selling price, but the merchant decided to reduce the price of all such pails in stock to 50 cents.

The most helpful books are those in which the prices paid for articles during the basic period last year were entered, but failing such a record women are urged to mark down the price paid the first time an article is bought.

## WINTER TRAINING

Canadian Parachute Troops Will Continue Their Work In Georgia

Ottawa.—Under a reciprocal agreement now nearing completion, Canadian parachute troops will continue to train in U.S. during the winter while Canadian parachute training facilities at Shilo, Man., will be used by the U.S. army to give cold weather tests to certain articles of equipment.

The announcement was made by the defence department.

The nucleus of Canada's first parachute battalion was sent to the U.S. army's parachute training school at Fort Benning, Georgia, several months ago and has since returned to Canada to start organizing the battalion at Shilo, where a Canadian school is being created.

When the decision to form Canadian parachute units was reached, volunteers were called for from units both in Canada and overseas. Those selected overseas were sent to the British school and those selected in Canada to Fort Benning, with the idea that when they were brought together later they could put together the best features of British and U.S. training and organization systems in the formation of the new Canadian units.

## EMERGENCY TRAINING

Ottawa.—Since plant shops first were established as a phase of war emergency training to help overcome the manpower shortage, 2,735 men and 1,628 women have been enrolled for instruction in modern industrial practice, in 48 schools, the labor department announced.

The King Is Quite Conversant With Conditions In Dominion

London.—Humphrey Mitchell, Canadian labor minister, said he found the King "extremely well informed" about Canadian affairs and persons in a 45-minute audience with His Majesty.

The King and the labor minister discussed the Dominion "very freely," and His Majesty appeared well versed and up to date on all topics. The King asked about persons whom he had met during his visit to Canada, including Mitchell Hepburn, who resigned as premier of Ontario.

## POST-WAR REHABILITATION PLANS CALL FOR EMPLOYMENT FOR EVERYONE AFTER THE WAR

Seignory Club, Que.—Dr. R. C. Wallace, principal of Queen's University, Kingston, said in an address that if Canadians tackle post-war rehabilitation "with the same enthusiasm as we put into the war, we will make Canada a country of which we can be justly proud."

Dr. Wallace, vice-chairman of the Dominion post-war reconstruction and rehabilitation committee, spoke at the closing session of a two-day wartime inter-provincial conference of public works ministers, deputy ministers, engineers and government controllers, held under the auspices of the Canadian Good Roads Association.

"Seeing the war through is our greatest and only objective today," Dr. Wallace said, "but rehabilitation is so closely integrated with the war that it cannot be disregarded."

Since the start of the war, Dr. Wallace said, 60,000 men have been discharged from Canada's armed forces and "what is being done for them should be done for all men who are released from the forces."

Of the 60,000 men, some 7,000 are being trained in technical fields. "That will be done for all those who come back. That means they will be trained for the things they are most suited for."

The post-war reconstruction and rehabilitation committee, he said, fosters no "isms" and its members are "looking to one goal and that is full employment after the war."

After wars, he said, some employment is usually created by private enterprises and then unemployment sets in. "That could be tried this time provided there is some organization which will be ready to step in and fill the gap when private enterprises begin to lag."

The problem of "dealing with women is going to be difficult. More of them are in industry than ever before. Many will not have husbands

after the war. They will have to be dealt with on an equal basis with men."

Various committees, he said, are studying ways of developing Canada's resources which "must be integrated and dealt with together." He expressed belief that rural electrification would do a great deal to stabilize farming and would create a great demand for electrical appliances.

## EXTEND DEADLINE

Germans Having Little Success In Obtaining Workers From France

London.—The Germans backed down in the face of a threatened general strike by French workers during the recent crisis over German insistence on a quota of 150,000 workers for Nazi war industries, the Daily Mail said, quoting Fighting French circles.

Chiefs of underground organizations gave Vichy an ultimatum that a walkout would be called Oct. 17 unless plans for conscription of French labor were abandoned, the paper said.

Three days of negotiations in an attempt to avoid the strike failed. Fighting French circles said the Germans then withdrew their threat of force and extended the deadline for the quota to Dec. 31.

## RECEIVE PROMOTIONS

London.—Royal Canadian Air Force headquarters announced that the following Saskatchewan pilot officers had been promoted to the rank of flying officer: J. B. Higham, D.F.C. of Assiniboia; R. A. Adams of Regina, C. G. Cann of Gull Lake, L. A. Stewart of Furry Hill, W. H. Purke of Verwood, R. R. Ferguson of Port San, R. R. Burgess of Biggar, N. W. Mapes of Watson, G. C. Abel of Yorkton.

## STRATEGIC IMPORTANCE OF THE ALASKA HIGHWAY HAS BEEN BROUGHT VIVIDLY TO ATTENTION

Washington.—Delegate Anthony Dimond of Alaska, described the territory to the house of representatives as the best route to use to defeat the Japanese by destroying the enemy's power in their homeland.

"We can normally look forward to an expansion of military developments in and through Alaska, both in order to bring power to bear

against the Japanese, and to materially supply Russia on the Russo-German front," Dimond stated.

The strategic importance of Alaska has been brought vividly to attention, he said, by "the obvious difficulty in supplying forces in Australia and the Solomon islands at great distances overseas—always subject to the enemy's naval forces."

Alaska, on the contrary, is on "the short line between the main body of the United States and Japan," Dimond stated.

"If we drive the Japanese out of the Aleutians as we must do at the earliest possible moment, then we can come within 2,000 miles of Tokyo without leaving our own territory," Dimond said.

Urging appointment of a committee to inspect the new Alaskan highway, Dimond suggested such a group likely would recommend extension of the road 600 additional miles to the Bering sea or even the Bering strait.

A rough survey has already been made, he said, for a highway between Fairbanks and Nome.

Dimond also urged another highway from Prince George, B.C., to Whitehorse. If approval for this road could not be obtained, Dimond suggested a road connecting the present highway from a point near Fort St. John, B.C. with Prince George.

## McMURRAY OIL

Plan To Move Oil By Pipe Line To Waterways

Edmonton.—Broad plan to develop McMurray oil sands, at a cost of \$12,000,000, including a 10,000 barrels a day separation plant in the northern field and complete refinery at Edmonton, was outlined by Max W. Hall, president of Alaskan Oils, Limited, when he addressed a churchmen's association meeting here.

He said the plan being considered was to move the oil from the separation plant by pipe line to Waterways and then by railway to Edmonton.

## RULES CLARIFIED

National War Services Regulations For University Students Explained

Winnipeg.—Dr. Sydney Smith, president of the University of Manitoba, said he had received clarification of the new section of the national war services regulations which makes university students liable to immediate call on failure to pass examinations.

Dr. Smith said he had been advised by Ottawa that a student will not be subjected to call merely on account of failure to pass in a single subject.

For the time being each university is the final authority to determine what is meant by failure, he said.
